

An aerial photograph of a dark green ocean with numerous surfers scattered across the surface. The surfers are small, light-colored figures against the dark water. The text "Become NOSARA" is overlaid in the center.

Become NOSARA

NATIVU

NATIVU Guanacaste | Felipe Pozuelo | cel. +506 8884-7532 | felipep@nativu.com

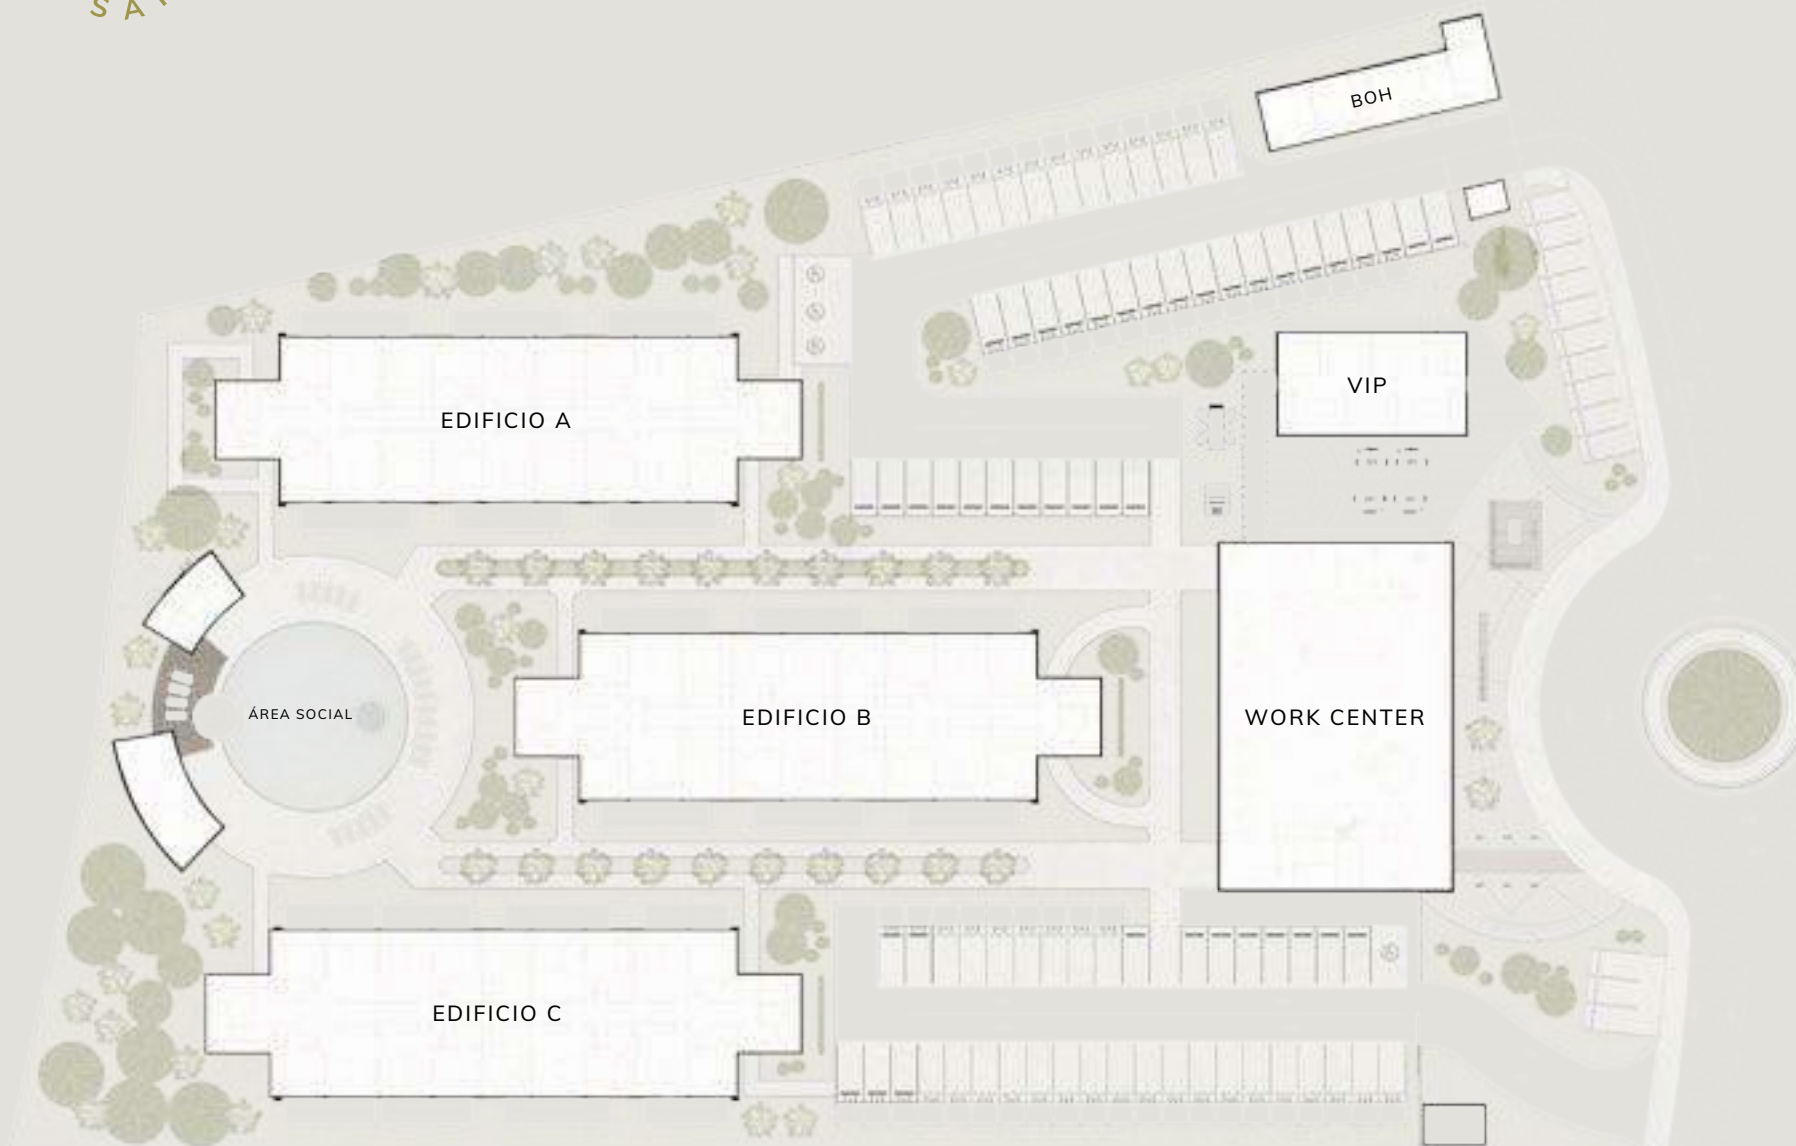

The perfect balance, between work and living.

We are living in a new renaissance area, where technology, spirituality and social interaction are in rapid and constant change. Why resist this change? Instead, we chose to embrace it. Technology and communications are a huge tool in this modern era. Today, we can work wherever we want in the world with great connectivity.

Become is a condominium complex with a working center, but more than that is the opportunity to live a life worth living. One you can enjoy but at the same time have all the tools and space you need to do any type of remote work.

Working Center

2022

NATIVU

Creating this working center was not easy, we visited and searched for the latest trends and best centers running. We created a space where people can work smart, and have a great performance. This center includes fiber optic internet - the best available in Costa Rica. This space was co created with an Interior Design Company, in a way that even though your inside a working center you still have the sensation that you are surrounded by nature, the space overlooks the outside plaza making you still feel the Nosara atmosphere.

We designed this space thinking about the needs of different types of workers, so we have a wide variety of spaces available. **We have small offices, Center tables perfect for coworking and creativity flow, Booths, Cafeteria area and Private Meeting rooms.**
